# Talking about Movies: Teaching Notes

<b>Target Structure:</b>	None
<b>Vocabulary:</b>	Movies / Expressions of Time (American English Version)
<b>Level:</b>	Elementary / Pre-intermediate
<b>Time:</b>	30 minutes
<b>Preparation:</b>	None

## Suggested Teaching Method.

Talking about movies is great as a warm-up activity for lower-level students. However, these students often lack the ability to talk about it in a simple, yet understandable way. This worksheet provides extensive practice of some of the most common expressions used when talking about film.

Note that there are two different worksheets, A and B. This is for exercise two, which has an information gap activity.

- 1 Follow the instructions on the worksheet. Students should work alone, and then check in pairs.
- 2 Follow the instructions. Explain to the students that the worksheets have different information, and that students should *not* look at their partner's sheet.

Below the table there are some questions and answers that can be used for this exercise. Chorus these with your students. Practice with a competent student, using a movie not mentioned in this worksheet. (e.g. Star Wars / in space / a long time ago / Mark Hamil). Students should then work in pairs, filling in the table with the missing information.

- 3 This gives students a chance to personalize the language, using movies they like.

If this is proving too easy, you can add some other useful language used for describing movies. You could try these two examples

- 1) Director: *It was directed by ...*
- 2) Opinion: *This movie is great / thrilling / violent / a load of rubbish ...*
- 3) Miscellaneous phrases: *It has a good twist. / It's very atmospheric etc.*

- 4 Follow instructions as given. Monitor carefully, and make a note of some mistakes that you hear. At the end of the exercise, write some sentences on the board, and elicit correction.

If you're looking for extra material, a discussion on movies really can't go wrong.
